Copyright Transfer

By signing this Copyright Transfer Form, I will be relinquishing all personal, professional, and ownership rights, to all designs detailed above.

This signed agreement also includes the Transfer of Ownership to any variations of the logo previously agreed and supplied as part of the initial contract.

Trademark ™ & Registered Trademark ®

It is important to note that Copyright is not the same as a Trademark, or Registered Trademark. This form does not provide any Trademark ownership, or protection.

If you are seeking brand protection, then applying for a Trademark is the way to go. Unfortunately, I am unable to help with this process due to complex nature of hiring a lawyer, and correctly applying & registering for a Trademark.
